Para Conditions

19. Para swimmers must have at least a provisional classification.
 - a. Help and support with the classification process is available. Please contact christoph@bartneck.de for information and support.
 - b. If a disabled swimmer does not have a classification as yet they need to contact Swimming New Zealand National Para Swimming Development Coordinator Cameron Leslie on cameron@swimming.org.nz at least one month before the event to arrange obtaining one. This can require a few medical

assessments so please allow time for this to happen.

20. Para swimmers can participate in all the events offered, including events that are not typically offered for para swimmers, such as 100 IM.
 - a. Swimmers that race in non-para events, such as 100 IM, cannot receive World Para Swimming Points since the system does not have a formula for these events. They need to race as an abled swimmer.
 - b. Para swimmers can participate in the relays as abled swimmers.
21. Para swimmers are required to be part of a masters swimming club.
 - a. Para swimmers are welcome to join the JASI Masters club as a social member, a training member and/or a competing member. Please contact christoph@bartneck.de to discuss the options and the process.
 - b. Para swimmers must also be a member of New Zealand Master Swimming which comes with an annual fee of 65 NZD. Christoph Bartneck will help with this process.
22. Jasi Masters Swimming Club will waive the event participation fees for all para swimmers. If a para swimmer decides to also compete as an abled swimmer then the swimmer has to pay the \$60 registration fee.
23. Racing
 - a. Para swimmers register their events with a time. The time can be based on previous races or on a self-estimation. Para swimmers will not be assigned an age group average for a no-time registration since such averages do not yet exist. A self estimation will be required.
 - b. Para and abled swimmers are sorted into heats based on their registered times. The heats will mix abled/para/gender/age groups.
24. Competition
 - a. Para swimmers can choose to compete against other para swimmers or abled swimmers or both. This means each para swimmer can win up to two medals in total.
 - b. If a para swimmer races in the abled class, then he/she will compete with their actual time swum and not with the World Para Swimming points.
 - c. Para swimmers compete against other swimmers of their own gender and age group. This means age groups of 25-29, 30-34, etc.

25. Competing across classifications

- a. Para swimmers will compete across classifications using the World Para Swimming Points System. The times swum will be converted to points using this spreadsheet.
 - i. The swimmer with the highest point score becomes the first in the ranking.
 - ii. The swimmer with the second highest point score becomes the second in the ranking, etc.
 - iii. Swimmers that compete in non-para events, such as 100 IM, cannot receive points, since there is no formula for it.
- b. Swimmers are awarded Masters Points according to these rankings as described in section 8.

26. Disqualifications

- a. Para swimmers will be officiated in the water based on World Para Swimming rules. They will not be judged based on the abled swimmer rules even if they compete as an abled swimmer.
